Issue 18

Fall 1998

## Notes from the Director

The very first thing I want to say is *Thank You* to everyone who sent cards, letters, and donations in memory of my beloved Perot. Words cannot express how much each of your sentiments meant to me. It warms my heart to know what a wonderful group of people our greyhound "families" are.

It's hard to believe that Fall is just around the corner, and after a long, hot summer, I think we'll all be ready to get out and have some fun. We have been hibernating indoors for the last couple of months, so read on for all of the events we have planned for the coming months. The first one, our annual **Picnic at Papago Park with the Pups**, is scheduled for **Sunday, October 4th**. Festivities will include a BBQ, nail trimming and ear cleaning, a bake sale (both people and greyhound goodies!), our gift shop and other great booths. Details on this great event are located in this newsletter.

On **November 15th** our **Annual AAGI Alumni Night** takes place at **Phoenix Greyhound Park**. This has become a favorite event for our families. Look for information to be mailed to you in October. Unfortunately not everyone can attend (we have over 3,000 greyhounds out there now!), so read your invitation letter carefully

for details on how to attend. The **Chandler Doo Dah Parade** has been canceled this year, so there will be no way to get an automatic invitation as there was in the past. As always, if you are not one of the lucky participants drawn, you're welcome to attend without your pets. One added note - **if you are one of the lucky families drawn and find you can't make it, please, please, please call us at 971-6935 and let us know as soon as possible**. There are so many other families who would love to come.

We will be selling beer at the Cardinals' games again this year. Last year we made close to \$3,000 for the program, we hope to make even more this year. Read on for more information on how to get involved with this fund-raiser.

We will also be participating in parades, the **Tempe Arts Festival on December 5th and 6th**, the **Fountain Hills Arts Festival on November 14th and 15th**, and other events throughout the fall, so give us a call at **971-6935** and leave a message on **line 4** if you would like to volunteer for any of these events. Or, watch our newsletter on-line at **www.phoenixgreyhoundpark.com** (go to the Greyhounds As Pets section).

I hope to see you all at some of our events this Fall!

# P:O:O:PS & S:C:O:O:PS

## Arizona Cardinals Fund-Raiser

The Arizona Cardinals season began on August 15th, and runs through December 27th. For those of you who aren't familiar with this fund-raiser, our group of volunteers works one beer booth at each game, and AAGI receives a commission on all beer sales. We usually earn approximately \$3,000 a year for our program. The first year we used the money to buy new crates for our kennel, and last year's money helped to renovate our new kennels. This year we hope to buy new bedding, toys, and medical supplies for our greyhounds waiting for homes. The coordinator for this project, Michele Rebeor, is still looking for a few more volunteers. If you are interested in working one of the Cardinals games, please give Michele a call at 812-9205.

## Volunteers Needed

Do you think your greyhound would make a good therapy dog? A central Phoenix nursing home would like some loving greyhounds to visit their residents on a few weekdays, either mid morning or early evening. For more information, please contact Sam Kabbel at 314-4416 or e-mail her at [thinkdog@uswest.net](mailto:thinkdog@uswest.net).

## Bashas Bargain Boosters

Thank you to everyone who has sent in Bashas' Bargain Boosters. We've received approximately \$250.00 so far from Bashas, and hope to continue to raise money through their bargain booster program. Don't forget to mail us your full Bargain Booster cards if you have extra. We'll keep you posted on how much we're raising. Mail full Bargain Booster cards to Annmarie Bitondo, 3318 E. Westcott Drive, Phoenix, AZ 85024.

## AAGI Wish List

With our new kennel now housing approximately 30 greyhounds at a time, we are always in need of supplies, including bleach, detergent, bones, blankets, and towels. Thank you to everyone who has donated supplies! If you have something to donate, please bring it to our AAGI adoption trailer on Friday evenings.

## TLC Greyhound Adoptions

We were recently contacted by TLC Greyhound Adoptions in Solomon, Kansas. They are currently having problems placing all of the greyhounds that they are taking into their program,

and have asked us to publish the following information in our newsletter. In order to place all of the greyhounds retiring from the race tracks in their state, they have been forced to move them to other programs around the country. This increases their adoption expenses quite a bit, so to help they are offering a hand knitted dishcloth for any donations over \$5.00. They are a non-profit organization, so all donations are tax deductible. For more information, or to contribute to their program, please call Kathy Darfler at (785) 655-2208, or mail it to TLC Greyhound Adoption, 323 2400 Avenue, Solomon, KS 67480.

Bus Gabor

## Tempe Fantasy of Lights Parade

The 1998 Tempe Fantasy of Lights Parade takes place on Saturday, November 28, 1998. Last year our entry won \$100 for Best Use of Lights. The only requirement is that your greyhound have lights on him/her. Battery operated lights are available at Michael's and WalMart (and probably many other places) in early fall. The coats and leashes and collars from last year were magnificent! Some time and effort obviously went into making them. If you're interested in participating in this year's parade, give us a call at 971-6935, line 4. We won't have any details until closer to the event, so leave your name and number and we'll call you back when we know more. It's a great night, and definitely gets you in the holiday spirit!

## 1998 Fall Special Olympics

The 1998 Fall Special Olympics takes place on Saturday, October 17 at Cactus Pool. AAGI will attend from 10:00 am until 2:00 pm this year. The Greyhound is the "Official Dog of the Special Olympics," and we're very proud to be included in the day. Many of you are Special Olympics' veterans, however for those of you who haven't attended one of these events, you'll have a great time. It is an especially rewarding day. The kids love to pet the greyhounds, and we have even placed a few greyhounds in homes from being there. If you're interested in joining us, please call 971-6935 and leave a message in line 4. Depending on how many volunteers we get, we may break the day into two shifts, 10 am - noon and noon - 2 pm.

# Have a Heart...

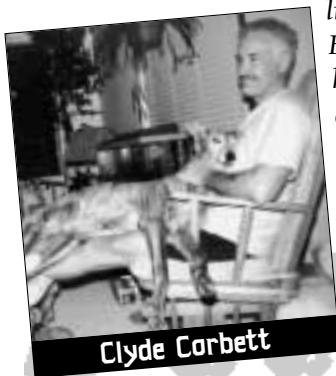

## Special Homes Needed For Special Dogs

While most of the greyhounds that come through our program are easy to match to families, every once in a while we get a **special greyhound**. These dogs require a little more patience or perhaps a modified routine that many families can't offer. These are animals with wonderful, loving personalities that will ultimately make great pets.

We have decided to feature a few of our special children waiting for that perfect home. Is this your home? Please take a moment to read about **Stormit**, **Stimpy**, and **Maureen**. Maybe you'll find room for one these greyhounds in your heart.

### Stormit

*I'm a handsome 7-year-old white and red male who was found and turned into the Humane Society. Now I live with my AAGI Foster Family while I wait for a home. I'm a real charmer! I have a missing toe - no biggie - I'm really very fast in the back yard! I'm not so*

Clyde Corbett

## For Sale

### Crates For Sale

One of our families has two crates for sale. One is a very large (48"L x 30"W x 36"H) metal crate, and one is a large (42"L x 25"W x 31"H) plastic airline crate that is collapsible. If you are interested in either of these crates, call 756-2681.

### Hot-Cold-Fast

We make Racing Silks and have a coat for any condition. All custom made and washable. To have your **PERFECTLY SPOILED** (and you know it's true) Greyhound look classy and feel comfortable call **Pearl at 569-0358 or Sharon at 375-3955** (leave message). A portion of each sale will be donated to AAGI.

### Pet Door For Sale

Doggy door (79"L x 13 3/8"W) that fits in sliding glass door for sale. Made of glass, easy installation. Doggy door is 16"H x 10 1/2"W. The doggy door has no flap

*great with cats, but I'm fine with little dogs! I've got a great personality and once you meet me you'll be in love.*

Interested? Call 971-6935.

### Stimpy

*My race name was Nevada Stimpy and I, too, have had a toe removed. I'm a handsome 6-year-old brindle male - I really don't care for cats or children - but I love women! I'm quiet, and I can play this great game. I nudge you and you respond by playing with me. It's fun! I'm in a great foster home and they say they'll have a tough time letting me go.*

Interested? Call 971-6935.

### Maureen

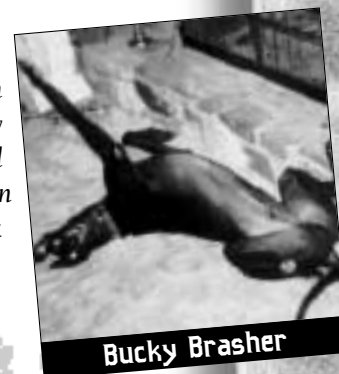

*Older is better - or so they claim. I'm a gorgeous 8 1/2-year-old fawn female. I've been a mom and currently have my own kids racing on the track. I could probably use a spa a day, but with a little TLC I'll be sleek beautiful in no time at all. I even get along with cats!! Give me a call at 971-6935 if you think that there is room in your home for me.*

Flash French

Trolley McKenna

Beau Segal

Condo Kennel

so you will have to add it. \$50.00.  
Call 971-6935 for more information.

### Condo Kennel For Sale

This would **NOT** be suitable for a greyhound unless you were to use it for camping or a temporary kennel (remember, greyhounds can't be left outside!). The Condo Kennel is a do-it-yourself chain link dog kennel that's UPS shippable. Assembly requires only a hammer and wrench. Includes a SunBlock Top to keep pet cool and provide extra security, and the expansion kit, which doubles the size of the kennel to 4'W x 8'L x 4'H. Original price - \$300.00, Asking \$150.00. **Please call 971-6935 for more information.** Spread the word to all your friends! →→→→→

# Why I Say No...

by K. Charpie-Elton

**Should we let them run in dog parks, or should we not let them run in dog parks!? That is the question I am asked over and over again - at Show and Tells, by new adopters, by foster homes, even by friends.**

If you're a foster home, the answer is easy: The Board of Directors and the Foster Manual both explicitly state that foster dogs are not to be taken to dog parks. Period. End of discussion. Foster dogs are the legal, medical, and financial responsibility of GPA, and we do not want them in any situation that could in any way endanger their health and/or safety.

If it's your own personal dog, the answer is still easy: **I don't recommend it.** I don't take my own dogs to dog parks. Never have and never will, for a variety of reasons. I don't know the other pet owners. I don't know if their dog's vaccinations are current, or if they have ever been vaccinated. I don't want my dogs exposed to rabies or some mutant strain of distemper, parvo, or corona virus that has become resistant to antibiotics.

I don't know the personalities of the other dogs.

I don't know who's aggressive and who's not. I don't want one of my dogs to give the wrong "doggie signal" and suddenly get attacked. Vet services aren't cheap, and treatment for one dog bite can run up a big bill. Plus, greyhounds are so thin-skinned that a little cut can triple in size (and thereby triple your vet bill.)

I do know the personalities of my dogs. I know they have been specifically bred as hunters for thousands of years and as racing machines for many, many decades. I know that any moving object, whether it is a paper bag or another dog, can trigger their hunting instincts. I know their little feet can carry them one half mile away from me in 30 seconds. No matter how sweet and loving they are at home, I know that I can never trust them 100% in a setting that simulates racing or hunting.

"But they love to run!!" everybody tells me. True, but I don't love to see

my dogs bleeding and in pain. I don't love to see someone else's dog injured. And I certainly don't love to pay for sutures and drain tubes and antibiotics and possible skin grafts and other surgeries.

Some recent incidents might help to illustrate why I feel the way I do: Easter Sunday at a Long Beach area dog park, a recently adopted greyhound was attacked by a large dog. Result: 3 punctures, multiple stitches, a drain tube, and over \$300. Last December, Long Beach area park again, a greyhound sustained several hundred dollars worth of injuries after being attacked by a "friendly" dog.

Several dogs were poisoned by persons unknown in an Orange County and LA County dog park this winter. Two died. At a South Bay area dog park, a foster dog grabbed, shook, and would not let go of a border collie-sized dog. At the same dog park, there is a rumor floating around that a chihuahua was killed by a greyhound. This is not the kind of rumor that I, as a volunteer in an adoption organization,

want floating around. My goal, and I would hope the goal of all greyhound owners, is to find homes for these gentle and loving dogs. I don't want to put my dogs in a situation that could ruin the reputations of all greyhounds, and any situation that simulates hunting or racing is potentially dangerous. I think I have some valid reasons for avoiding dog parks. I could give you more examples of other accidents that have occurred, but I hope you see my point. Yes, they love to run, but is it worth all the risks involved? Can anybody give me one really good reason to take your greyhound to a dog park?

(AAGI's note: We can't. We can give you many local examples of why we discourage visiting dog parks or running your greyhounds in a group. Please think carefully before visiting dog parks.)

*The following article is reprinted with permission from "The 45 M.P.H. Couch Potato Update" which is the newsletter for GPA/California - Orange County and Greater Los Angeles Chapter. We found it very informative.*

# Picnic with the Pups!

## We're Having a Picnic, and You're Invited!

Our annual Picnic at Papago Park is approaching fast. This year's festivities take place on **Sunday, October 4, 1998, from 10:00 am to 2:00 pm.** Last year's event raised over \$5,000 for the greyhounds, which helped immensely with food, board and medical bills, as well as to help renovate our new kennel facilities!!! Everyone had a great time and we hope that our 1998 picnic will be as successful.

We'll be barbecuing again, serving up hot dogs, hamburgers, chips, sodas and other goodies. The very popular **ear cleaning and nail trimming booth will be back, along with our gift shop (bring your checkbook!), our bake sale, with goodies for people and pets, and other activities. We're adding a foster greyhound booth this year so you can meet a few of our babies that are waiting for homes. Perhaps you'll meet your new family member!**

When you arrive, if you're interested in purchasing any of the products or services offered, please buy some tickets at the entrance. Each ticket will be 50 cents. As you're visiting the different activities, look for the sign that says how many tickets it takes to participate. One hot dog will be two tickets, one hamburger will be three tickets, a soda will be two tickets. Our **Nail Trimming and Ear Cleaning** booth will be ten tickets, etc. **All** of the money we raise will go to the greyhounds waiting

to be adopted, including paying for food, boarding, vet bills, beds, treats, toys, etc.

Our picnic will be at **Papago Park** (see map for details). Look for signs the day of the picnic to help you find **Ramadas 9 & 10. The food will be available between 11:00 a.m. and 1:30 p.m.** Parking is limited right in front of the picnic area, however ample parking is available throughout the park. Everyone is welcome, with or without their greyhounds. Sorry, but **only greyhounds allowed**, no other breeds please. **It's very important that you let us know if you plan to come and participate or eat.** This is a fund-raiser, so we don't want to over purchase food and drinks. **Please RSVP by sending the attached coupon in no later than September 25.** We really need as close to an accurate count as we can get before this date.

## We hope to see you all there!

**Note:** We need volunteers to bring items for the bake sale. If you can help, please call us at **971-6935** and let us know what you will be bringing. Last year's bake sale was a great success!

**Yes,** I'll be attending the Picnic at Papago Park with my with  without  my greyhound(s)!

# Directions

## From the East:

Take Mill Avenue North to Galvin Parkway. Turn right on Galvin Parkway to Papago Park. Turn right on Papago Park and follow the signs to Ramadas #9 and #10.

## From the Northeast:

Take Scottsdale Road to McDowell Road. Turn right on McDowell Road to Galvin Parkway. Turn left on Galvin Parkway to Papago Park. Turn left on Papago Park and follow the signs to Ramadas #9 and #10.

## From the West:

Take the 202 East to the 44th Street exit. Turn left on 44th Street to McDowell Road. Turn right on McDowell Road to Galvin Parkway. Turn right on Galvin Parkway to Papago Park. Turn left on Papago Park and follow the signs to Ramadas #9 and #10.

# Don't Miss Our 1998 Picnic with the Pups!

See the other side for details!

# Chewing Problems

## Canine Behavior Concepts

by Sam Kabbel

There are many advantages to adopting an adult dog. One advantage is the fact that they are not teething so they do not chew. Right? Not necessarily. Dogs do not acquire manners through the aging process, they must be taught. We cannot expect a newly adopted greyhound to know that he is not supposed to chew the remote control, coffee table or our favorite shoes. Adult dogs chew for a variety of reasons. Before you can correct the problem, you must first know why the dog is chewing.

- 1) **Boredom.** (I'm bored to death because I have no mental stimulation.) Set aside some time to spend with your dog. Go for daily walks or spend some time playing with the dog. Good playtime and exercise will also tire him so he'll sleep more!
- 2) **Learned behavior.** (Why can't I chew the coffee table? I've been doing it for weeks!) Teach the dog that chewing is wrong and redirect him to another behavior. (See training tricks below) Be sure the dog has toys, rawhides or Kong toys filled with peanut butter, etc.
- 3) **It's fun because it plays back.** (Chewing the pillow is fun because stuff flies all over the place, which makes it even more fun.) Follow the same advice for boredom, but remove the temptation for the dog to chew fun things. Pick up the pillows, newspapers and magazines. Dog proof your house. Think from their point of view.
- 4) **Anxiety or tension.** (These shoes smell just like mommy or daddy. I feel more secure when I chew things that smell like them, plus it relieves some tension.) Leave a TV or radio on while you are out of the house. Departures and homecomings must be calm. Get ready to walk out the door, but instead, sit in the room where the dog stays for 10 minutes. Don't pet or talk to the dog. Don't even look at him! Completely ignore him for that time, then quietly leave the house. When arriving home, again, completely ignore the dog for 10 minutes or until he is calm. Then quietly get down on his level and calmly pet him. If you leave the house in a frenzy, the dog will become nervous and is left in a quiet house to work out the tension! If you leave the house calm, you have set the stage for calm behavior.

## Training Tricks

(Proper use of Bitter Apple Spray)

Bitter Apple is a wonderful training tool. It is perfectly safe, but has a terrible taste. The key to success is in its introduction to the dog. Dogs can tolerate things that taste bad. After all, they would be happy to eat garbage! For Bitter Apple to be effective, dogs must associate it with a bad experience. Avoiding items sprayed with it, then becomes a learned behavior. Here's how to do it. Thoroughly soak a tissue with Bitter Apple and pop it into your dog's mouth. Gently hold his mouth shut for a minute or so. He is going to hate this with a passion! After he has spit it out, walk away from the dog. **Do Not** console the dog for the awful experience! This is part of the learning process. By this time, just the smell of it should trigger this memory and he will avoid those objects sprayed with it. (Keep in mind, Bitter Apple is not long lasting, it will need to be reapplied daily to the object.)

Harley Helton's 6th Birthday

Bonz Fenton & Family

## Canine Behavior Concepts

**WHY** does my dog jump, growl, bark, dig...?

**WHY** does my dog act unruly, fearful or aggressive toward people or other dogs...?

**HOW** do I help my dog handle changes like divorce, a new baby, a new pet or a new house...?

Affordable fees, in home consultation, discount for AAGI families.

Change unwanted behavior by understanding your dog's mind.

# Letters...

## Letters from our Families

Ron and Paula Henry adopted Aries (Nodak Aries) in July, 1997.  
She is a 3-year-old red female.

Aries Henry

Dear Cheryl and Arizona Adopt A Greyhound,  
I have been meaning to write you for a long time. I just wanted to express the joy that Aries has brought to our home. She is so lovable and keeps us laughing with her antics!!! We adopted her at two years old in July of 1997. She was very timid but has quickly outgrown that and her personality has blossomed!

It took a long time for my Black Lab Mickey to accept her though. She is still a little bent out of shape that Aries has moved in on her territory, but has grown used to her new sister. I think she has finally come to terms that Aries isn't leaving. (She still growls at Aries when she tries to lie on her bed!). Some of Aries favorite things to do are to lay on "her couch" with all four legs in the air, stand on the first step of the pool to cool her feet, and go for walks, walks, and more walks!! If you even lean against or touch the leashes hanging in the laundry room, a jumping, leaping and snapping with love bites greyhound will immediately assault you. Don't think you got off that easily, because where one is the other is, and there is Mickey, my 75 pound lab, ready to lick the skin Aries missed and jumping and barking also!

Needless to say, we are thrilled with our little girl! I am of course ready for three more, but my husband needs a little convincing that it is possible!

I also want to add that we deeply appreciated the tremendous support of AAGI, Kiersten, and yourself when we initially brought Aries home. We did have rocky start with her that moved into a smooth transition with your assistance.

Again, thank you very much and you will be seeing us again, hopefully next Spring, for another adoption!

Hugs and Licks,

Paula, Ron, Aries and Mickey Henry

## Letters from our Families

Randy and Arlene Selig adopted their first greyhound, Cindie, a 4 1/2-year-old red female, in August 1995.

Three months later they came back for Hokie Okie (now Shiloh), who is a fawn male. He was 3 years old when they adopted him in 2 1/2 years ago.

Dear Cheryl and Kiersten,

I just wanted to take the time to show you my Greyhounds after a walk. As you can see, they're out of shape, but that's what retirement is all about! Cindy is the runner between the two. She has the heart of a winner. But Shiloh can take it or leave it, sometimes he'll just sit and watch as Cindy sends grass flying in my back yard.

As you can see in one of my pictures, I wanted the entire world to know that I own Greyhounds. I just thank God for the pleasure of knowing them.

Thanks,

Randy and Arlene Selig

Cindy & Shiloh Selig

## You Know You're A Greyhound Person When...\*

1. You start to run out of places to put all those greyhound calendars.
2. You go to pet supply stores on the weekends because it's one of the few places you can take your dog.
3. You become paranoid about keeping an ID on your greyhound at all times (collar, tags, microchip, tattoo) but don't bother to carry any ID yourself.
4. You angle the rearview mirror so you can watch your greyhound sleeping in the back seat while you drive.
5. The greyhounds have necklaces for formal affairs but you don't wear jewelry unless it depicts a greyhound.
6. You have nose prints on all glass surfaces -- windows, doors, inside the car, etc. -- and you leave them there because cleaning them seems futile.
7. You'll buy anything with a greyhound on it, even if it looks more like a Whippet or Italian Greyhound.
8. Most of your social life is with other greyhound people.
9. Your family has resigned itself to the fact that you're bringing your greyhound to all holiday gatherings (or you don't bother coming at all).
10. Your parents give up on grandchildren and start to refer to your greyhounds as "your kids" or your "children."
